SKILLS

- **Languages:** Java, python, C, C++
- **Technologies:** HTML, CSS,
- **Databases/Tools:** MySQL
- **Soft Skills:** Problem solving, Team collaboration, Time management, Adaptability

PROJECTS

Linux Lab – Interactive Linux Learning Platform

- **Developed Linux Lab**, an interactive Linux learning and practice platform designed for beginners and college students.
- Implemented **structured Linux courses, unit-wise MCQ quizzes, progress tracking, and resume-quiz functionality** to provide an engaging learning experience.
- Designed an **interactive W3Schools-inspired interface** with authentication, gamification concept.
- Developed an automated home system to help people with disabilities control household appliances with minimal physical effort.

Automatic Home Automation System

- Implemented sensors and automation mechanisms to control devices such as lights, fans, and other appliances.
- Focused on improving **accessibility, independence, and safety** for users with physical disabilities.
- Designed the system with a user-friendly approach to reduce the need for manual interaction.

Cloud-Native Dev SecOps Vulnerability Assessment Platform

- **Developed an end-to-end Cloud-Native Dev SecOps platform** integrating Python/Flask, Nmap-based vulnerability scanning, CVE lookup, Docker, Kubernetes, and AWS EC2.
- **Automated CI/CD workflows** using Jenkins and GitHub Webhooks, enabling automated builds, containerization, Docker Hub integration, and Kubernetes deployment through Minikube.
- **Implemented cloud-native monitoring and observability** using Prometheus and Grafana to track application and infrastructure performance through dashboards.

TRAINING

Lovely Professional University |

Python Instructor – Career Development Program (CDP)

- Taught Python programming fundamentals to school students.
- Guided students through basic coding concepts and problem-solving.

CERTIFICATES

- Master Generative AI and Generative AI Tools including ChatGPT |
- Infosys Cybersecurity Certification |
- Python Mastery Certification – Infosys |

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; CGPA: 6.77 Aug 2025\ - Present
- **Bright home international school** Saharanpur, UP
Higher Secondary Education; Percentage: 75% May 2021 - Mar 2023
- **Bright home international school** Nellore, Andhra Pradesh
Secondary Education; Percentage: 83.7% Jun 2020 - Mar 2021
